Dear Colleague:

Attached is a copy of a letter dated April 6, 1989 from Mr. Chris Brown regarding damages caused to people with environmental sensitivities. No doubt you have a considerable file on Mr. Brown's concerns to your predecessor, the Honourable Jake Epp.

In this most recent correspondence, Mr. Brown is requesting your consideration of four matters outlined on pages 5 and 6 of his letter.

I would appreciate if you would consider his requests appropriately. Thank you for your attention to this matter.

Yours sincerely,

A handwritten signature in black ink, consisting of a stylized 'J' and 'C' followed by a long horizontal stroke.
